Annie Weisman : Surf Report before purchasing it in order to gauge whether or not it would be worth my time, and all praised Surf Report:

0 of 0 people found the following review helpful. Full of SoCal humor... Which many may not get By Gregory Wildwood No problems with shipping. Arrived quickly. Not really impressed with the script, which is probably why it received some bad reviews when this play premiered. It's good for a few laughs. If you have not lived in SoCal for a few years, you may not get some of the humor in Surf Report. However, I do love plays that are set in contemporary

southern California. So, if that's your niche, this may be the right play for you.
