Jill Conner Browne : Sweet Potato Queens' Big-Ass Box of Love before purchasing it in order to gage whether or not it would be worth my time, and all praised Sweet Potato Queens' Big-Ass Box of Love:

She tells it like it really is, warts and all, with a Southern charm that only us gen-u-wine Southern ladies could appreciate. You will not want to put her books down, no matter how many kids are whining, husbands are complaining, or church ladies are glaring! She is an R rated version of Erma Bombeck with a sprinkle of Phyllis Diller here and there. And now that I have totally dated myself, I am going to slip

into my green sequined gown, don my flaming red wig, plunge my hands into my vintage white prom gloves, and head out to the local HEB for the latest free wine samples!!0 of 0 people found the following review helpful.
