A.R. Gurney : Sylvia before purchasing it in order to gage whether or not it would be worth my time, and all praised Sylvia:

0 of 0 people found the following review helpful. The "discussions" between husband and wife provide excellent practice in body languageBy BoggartUsing this in an acting class. The student are enjoying it, and their dog imitations keep the class laughing. The "discussions" between husband and wife provide excellent practice in body language. Altogether a successful choice for college students.0 of 0 people found the following review helpful. Sweet and Funny - just like the protagonist!By Veri L. KrassnerSweet and funny - just like the protagonist. A.R. Gurney writes a

simple tale, but it is also very profound. Sylvia brings out so many feelings about the people and pets in our and in our loved ones' lives! 1 of 1 people found the following review helpful. Great play By theatreg33k I have always loved A.R. Gurney's "Sylvia". I bought this play to study up on since I would be auditioning for Sylvia and of course it was very helpful to have. There are great scenes in this play, just about any between Sylvia and Gregg or Sylvia and Kate. There aren't really any good monologue pieces, especially for Sylvia (since she's rarely alone). You might be able to piece together a monologue for either Kate or Greg by cutting some lines.
