It's about half the size of the Tactics Ogre: Let Us Cling Together Bradygames guide. The cover is semi-glossy on front and back, with parts of Aya's clothing reflecting light. There are a few really nice full-page character artworks in the book. The guide explains the basics of gameplay, and the walkthrough covers episodes 0 through 6 and is illustrated with plenty of screenshots. There is also a full weapons guide, bestiary, and instructions on how to unlock all of Aya's costumes, including the highly sought-after Lightning costume from Final Fantasy XIII

(hint: it doesn't involve beating the game 30 times, as many websites have suggested). The guide contains many other secrets as well, which I won't spoil! This is a great purchase, and the sale price is a steal. Go buy it now! 4 of 5 people found the following review helpful. What can I say... By Lorena Fernandez This guide is awesome. I could not find much on GameFAQ's so I got this guide and wow it's full of info I needed to unlock costumes, parts for weapons and most importantly getting some of those hard feats in the game. If you need help with the game or just want to unlock everything, this guide is perfect. 3 of 4 people found the following review helpful. Good for collectors of guides By Fred It's a decent guide, no poster though... I bought the digital version of the game off PSN so this is a nice way to have a physical connection to the game. I had already beat the game so the most value this guide offers is the OE chip synthesis combinations results.

BradyGames The 3rd Birthday Signature Series Strategy Guide includes the following: Change the Past to Better the Present In the distant future, unknown creatures invade the planet and begin to multiply rapidly. They feed on humans and, once their food supply is gone, they travel into the past for more. Now they are here in the present. The CTI, a newly-formed government agency, is quickly forced to declare a state of emergency in response to the threat posed by the Twisted. Humanity's only hope is to change the past in order to better the present, and the only person capable of undertaking this mission is CTI special agent Aya Brea. She accepts the challenge in an effort to rid the planet of the infestation and to discover who she really is. Detailed Walkthrough - Game-tested strategy and tips to foil every Twisted encounter and finish off every boss. Step-by-step tactics will lead players through each area with ease. Weapons Intel - Get the lowdown on the impressive arsenal of weapons available in the game, plus detailed customization information. Learn how to acquire each weapon! Unlock Every Feat Learn how to achieve every Feat in the game. Get specific tactics for each one. Bestiary - All-inclusive coverage of every Twisted in the game. Full listing of stats, experience points, resistances and much more! Area Maps - Maps for every area illustrate enemy and weapon locations.
