It is very readable with good visuals. I read just a chapter at a time, and that method avoided information overload. I would recommend this book to anyone learning Bridge!0 of 0 people found the following review helpful. Five StarsBy Nicole ZhaoGood.2 of 5 people found the following review helpful. THE ULTIMATE BRIDGE BOOK FOR SERIOUS PLAYERSBy GR Handley-PackhamI seem to be in the wrong place! I only wish to know when this book will be available again as we have been studying it from our local library and would prefer to have our own copy

Applies color photographs of typical hands to demonstrate every sequence of games in progress, enabling beginner bridge players to master the conventions and become accomplished players.
