Hector Berlioz : The Art of Music and Other Essays: (A Travers Chants) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Art of Music and Other Essays: (A Travers Chants):

1 of 1 people found the following review helpful. A masterpieceBy Catholic book friendWhat a joy to read the musical

insights of one of the most wonderful composers in the world. The essay on Gluck alone is worth the price of the book. I just gave this as a gift to another Berlioz-lover. He was thrilled and started to read it right away. I'm still waiting to know what the original title in French means (A Travers Chants). "Through songs"??3 of 4 people found the following review helpful. Hector Berlioz - the literary composer
By A Customer
Hector Berlioz is remembered mainly as the composer of *Symphony Fantastique*, but he was also a gifted music critic and writer. This collection of essays is entertaining and witty; Berlioz's satirical and biting humor is liberally spread throughout. This book is accessible to amateurs and professionals alike, filled with anecdotes and insight into the mind of a creative genius.

Berlioz the person-composer-writer is the sensitive child of his century and a most passionate voice of his time." The Opera Quarterly
Berlioz could hardly have been better served than by the translator of this English edition... It is an invaluable and long-overdue addition to the Berlioz literature in English. Elisabeth Csicsery-Rnay has given us an A
travers chants for the millennium." Music and Letters
Hector Berlioz (1803-1869) was equally prominent as composer and music critic. *A Travers Chants* is the collection of writings he himself selected from his thirty-odd years of musical journalism. This new translation, phrased in lively, idiomatic English and annotated for the twentieth-century reader, is illustrated with lithographs and drawings from Berlioz's lifetime.

Language Notes
Text: English (translation) Original Language: French
From the Back Cover
Hector Berlioz (1803-1869) was equally prominent as composer and author. According to Harold Schonberg, he was the "foremost music critic of his time, possibly of all time". *A Travers Chants* is the collection of writings he himself selected from his thirty-odd years of musical journalism. These essays cover a wide spectrum of intellectual inquiry: Beethoven's nine symphonies and his opera, *Fidelio*; Wagner and the partisans of the "Music of the Future"; Berlioz's idols - Gluck, Weber, and Mozart. There is an eloquent plea to stop the constant rise in concert pitch (an issue still discussed today), a serious piece on the place of music in church, and a humorous and imaginative account of musical customs in China. But Berlioz's writings also contain biting satire and ridicule - of opera singers, of the Academy, of dilettantism. This new translation, phrased in lively, idiomatic English and annotated for the twentieth-century reader, is illustrated with lithographs and drawings from Berlioz's lifetime. Berlioz's writings are a treasure-house of information on nineteenth-century musical life, performance practice, and taste.
