included, too. This will be my new go-to introduction to Art Song for high school singers preparing for contest, state and college auditions, recitals--great news!0 of 0 people found the following review helpful. It is great on the computer but I needed to save it ...By Laura V TroyerThe audio accompaniment was really why I bought this. It is great on the computer but I needed to save it in another key for my son's performance and it does not allow you to do that.1 of 1 people found the following review helpful. I highly recommend this anthologyBy bhambelcantoAs a voice teacher, I highly recommend this anthology. Great background and notes, a wide variety of song styles in several languages, and excellent recorded diction lessons and accompaniment tracks for the student to practice with. It's also a superb value for the young singer. Fantastic addition to any singer or teacher's vocal library.
