From Hal Leonard Corporation : The Bach Fake Book (Fake Books) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Bach Fake Book (Fake Books):

5 of 5 people found the following review helpful. EXACTLY what I was looking for! By Ann Seward MO This Bach fake book is EXACTLY what I was looking for! I've loved Bach since I first began learning these pieces on piano around age 10. Now some 45 years later I'm playing harp and want to make my own arrangements of these classic melodies, rather than just sight-reading and typing notes from someone else's interpretation. This book is perfect. The staff notation is easy to read (not too small, not annoyingly big) and the chords are accurate. Enough of each melody is included to make the piece sound complete and not stubby. Many of Bach's best known and loved themes, minuets and other pieces are included. There's plenty to keep me busy for a long time and develop a nice Bach repertoire. I am very happy with this purchase. My book arrived from promptly and in perfect condition. 1 of 1 people found the following

review helpful. WowBy William JergensenThis is a wonderful book for people who just want to try the melodies of wonderful Bach music. Some are quite difficult, but you can try the piece without having to read three staves.0 of 0 people found the following review helpful. good valueBy Luke's Dad , TomYou have to know your BMV numbers ... otherwise it is as good as you will get in a classical fake book ...

(Piano Personality). This incredible new comprehensive resource presents over 150 pieces by J. S. Bach in lead sheet format. It includes instrumental music from concertos, fantasias, fugues, inventions, partitas, passacaglias, pastorales, preludes, sonatas, suites, and toccatas as well as vocal music from arias, cantatas, chorales, hymns, mass and Magnifac settings, and oratorios.
