There are easy ones, and a few more difficult for the advanced pianist, but not too difficult. I am enjoying all the nostalgia that goes along with playing these songs. Love it!!3 of 3 people found the following review helpful. Cool!By John DayI think my sister will enjoy getting back into keyboards with this easy piano book for the Beatles. It's even got the chords listed in case she wants to play the guitar as well! Thanks seller and .0 of 0 people found the following review helpful. Five StarsBy Maha C.great songs
