The songs are all chord melody arrangements. Challenging at first but very rewarding once the familiar tunes start ringing out. Blackbird is my current favorite of the bunch. Includes notation, tabs, lyrics and chord progressions.0 of 0 people found the following review helpful. Fun for beginner to intermediate playersBy M. OttoMost of the reviews for this book as positive for good reason. These are fun but sufficiently challenging arrangements for the beginning to intermediate mandolin player that really capture the essence of the songs. I've thoroughly enjoyed this book.
