For the intellectuals in your lifeBy dlkI have now given Baccalaureate 1 and 2 to both my father and best client. Both are extremely bright and always thirsting for information. They were 1) flattered and 2) fascinated by how much they didn't know but were able to tackle when wanting to up their intellectual stimulation. I will get my own set now and get ready to energize my brain...and add to my capacity to participate in a uniquely broad range of substantive topics.

Feed your brain a daily dose of knowledge! The Bedside Baccalaureate speaks directly to people's desire for a better education and a fun, no-pressure college-like experience. This collection builds on the knowledge imparted in the first volume, with a curriculum ranging from Shakespeare's Tragedies and Italian Renaissance Art to Schools of Buddhist Thought and Game Theory. Filled with color illustrations, The Bedside Baccalaureate: The Second Semester offers scholars of all ages plenty of food for thought.
