You think it would be cool to just slide the sheets of music; however, it doesn't work that way. The kindle will first go into a zoom mode to even read the music then you have to close the zoom mode to switch pages and then zoom again. Get the hardcopy...sheet music and kindle (On iPad) does not work that well.0 of 0 people found the following review helpful. Nice collection of songs.By stanNice collection of songs. Arrangements are easy, but good enough to sound decent. More advanced pianist can use chord symbols to

embellish. 2 of 2 people found the following review helpful. I am teaching myself and it is pretty well designed for the intermediate player. By Jennifer Allen. Not as "easy" as they say. I am teaching myself and it is pretty well designed for the intermediate player.
