I was clogging on Rocky Top after I opened this volume of great country musicBy RonaldDerGrosseMan, I was clogging on Rocky Top after I opened this volume of great country music. Yes I was also "Crazy" when I saw that number in the book along with Your Cheatin' Heart and Stand By Your Man. Imagine King of the Road, I Fall to Pieces, God Bless the USA, DIVORCE and Always on My Mind I wanted to go Crying in the Chapel, Behind Closed Doors and sing Help Me Make It Through the Night because I just asked to

have the Last Dance With You For the Rest of My Life. That's when I started playing Walkin the Floor Over You.. Buy this great volume and you'll have it Through the Years. has it today just in time for a little hoot and holler as you Rock Around the Christmas Tree if you bought Best Christmas Songs Ever too!0 of 0 people found the following review helpful. Classic Country that's fun to play!By Jay D.Fun, classic, new(er) and old...this book has about all of it! Great arrangements that are neither overly complicated nor stripped down to the point that they're boring. Complete with Piano/Chord/Vocal - this book is nicely done! I have a Kawai CP2 with a song stylist feature - there are many songs in this book's song list that are also in this book which just makes it even more of a blast to play!!3 of 3 people found the following review helpful. Another Good Songbook by Hal LeonardBy Robert PoundThis is another good songbook by Hal Leonard with traditional country songs to learn to play on guitar or piano. I recommend everyone that wants to learn to play a few great country songs to buy this book. It contains a lot of older popular country songs by male and female artists. It is well written showing the guitar chords and includes the lyrics for singing. The only thing negative I can say about this book is I wish I could play all of these songs. Hey, at least I'm working on learning them. Thanks.
