Bob Dylan : The Best of Bob Dylan Chord Songbook (Guitar Chord Songbook) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Best of Bob Dylan Chord Songbook (Guitar Chord Songbook):

2 of 2 people found the following review helpful. Great book for the buck!By Palmer LayneStraight to the point chord changes and lyrics to all your favorite Dylan songs. I wish the book was a little larger to facilitate larger print, but that's nitpicking.I wish I had this book when I was a teenage learning to play guitar back in high school.0 of 0 people found the following review helpful. AdequateBy Npoet9This has good songs in it, but it is not easy to use when

learning / playing the songs. The binding is for reading and not for use. It's small and not a 8 x 11 format that works best for music. 4 of 4 people found the following review helpful. It's the best I've found in book format. By paul I've played many of the songs in this book on guitar and harmonica. It's the best I've found in book format. I liked it so much, I got it in Kindle also to use on my laptop.
