Fleetwood Mac : The Best of Fleetwood Mac (Guitar Recorded Versions) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Best of Fleetwood Mac (Guitar Recorded Versions):

Fleetwood Mac is my favorite band, so I wanted a beginning piano book of their songs. This book is fine. The songs tend toward a beginner like me, although I can not just sit down and play the songs through in one sitting. I have to practice for sure. And the trickier key signatures are more of a challenge for me. Still, a good beginning piano book of songs for my favorite band that I can grow into with practice. 0 of 1 people found the following review helpful. Five Stars By Customer Perfect 1 of 6 people found the following review helpful. Not as advertised By Gail P. Hinshaw This may be a great book but it is advertised

as for solo Guitar. In fact most of the pieces require two guitars, some require drums. I wanted to play these pieces as solo guitar. So I am not happy.

(Guitar Recorded Versions). Guitar transcriptions for 14 Fleetwood Mac classics, including: Don't Stop * Dreams * Gypsy * Hold Me * Landslide * Little Lies * Rhiannon * Sara * You Make Lovin' Fun * and more.
