GoodBy Michael Few problems already stated by other users, but it's a pretty good start for many songs on here. Worth the purchase if you're a big fan. 0 of 1 people found the following review helpful. Not the best By J. Anson Shortly after I

bought this the rear picture was posted for the book. Had I known the track listing for the songs I would not have bought this guitar book. It left out what I felt were a lot of really good Opeth songs; definitely think that they could have dropped some songs and worked on putting in some better ones.

(Guitar Recorded Versions). A dozen hits from throughout the career of this Swedish death metal band, transcribed in notes tab. Includes: Bleak * Closure * Deliverance * Demon of the Fall * The Drapery Falls * Ghost of Perdition * Godhead's Lament * The Grand Conjunction * Master's Apprentices * Moonlapse Vertigo * To Bid You Farewell * Windowpane.
