**James Quinn : The Best of Thoroughbred Handicapping: Leading Ideas Methods** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Best of Thoroughbred Handicapping: Leading Ideas Methods:

0 of 0 people found the following review helpful. I recommend this bookBy Buffalo BillA knowledgeable and comprehensive summary of just about every handicapping method out there. The book sometimes had to sacrifice clarity due to space limitations rendering some of the methods difficult to implement. Still, on balance, I recommend

this book.0 of 0 people found the following review helpful. Useless illustrations in KindleBy handicapper\_sfThere's some good information in this title, but the illustrations (images actually, of data from the Daily Racing Form) in the Kindle edition are too blurry to read. There are many examples in the book that use the DRF samples to help you make sure you're applying the book's featured techniques properly, but the samples scanned for Kindle are useless for this purpose. I had to acquire a hardcover copy for about \$50 used. I do NOT recommend purchasing the Kindle edition.0 of 0 people found the following review helpful. My Husband like this bookBy CustomerMy Husband like this book, but it was not what he really was looking for. Betting on Horse Racing for Dummies was more of what he was looking for.

This second edition is bigger and better than ever. It presents 50 essays its author considers to represent the field at its best and brightest.
