The puzzles are 2 to a page and therefore smaller, so that they are more difficult to solve -- for example, many letters are used only once. But we want it to be challenging, right?1 of 1 people found the following review helpful. Three StarsBy Susie CrottsPuzzles were smaller than I like.0 of 0 people found the following review helpful. Highly RecommendBy Martin Jamesbought it twice so far. After a while, it's like its a new book since you forget the puzzles. That's a good thing RECOMMENDED!
