From Hal Leonard : The Big Book of Disney Songs - Cello (Book Only) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Big Book of Disney Songs - Cello (Book Only):

By Jude
I have had the book for a week now. I am a beginning cello student (about 18 months of cello lessons). Some pieces are pretty easy and others a little more challenging. I would say that this book is for the beginner, with some lessons under his or her belt, and to intermediate level, but not to the newest beginner. The pieces are written in different scales. There are a couple of songs that I don't know the scales to. Luckily I have a teacher and will ask her. This book is fun, especially if you like disney songs.

By Nebu
It had a lot of great songs. The songs were easy to play. My mom loves Disney. She does cruises, Disney runs. She's had disney passes at least 5 years. I was able to play some songs to really connect with

her using what I learned in my Cello classes4 of 4 people found the following review helpful. printing is large and easy to readBy CustomerThis is a really well written book for students or those that just want to read through these tunes. Lines are spaced out enough to jot down notes/comments. Paper is thick, printing is large and easy to read. Would highly recommend!
