I frequently read the Uncle John's trivia books and find those to be much better written. There are tons of typos/missing words, whoever edited this did a very poor job. I wasn't much of a fan either of subject matter bouncing all over the place and found that several times in the different volumes the same facts were repeated. If you're a fan of trivia books seek out the Uncle John's instead of these.1 of 1 people found the following review helpful. It never ceases to amazeBy James HeringtonAfter reading part 1, I just had to download this to my kindle. One of my favorite pastimes is to read about facts from around the world. This provides everything from A-Z. Mr. O'Neill never ceases to amaze us with his extensive research on putting a book like this together.
