Not only do you get the most comprehensive book on the subject ever, the writing is clear, concise, and fun to read. Bits of historic information and trivia are included as well. All the classic games, indoor and out are in here - it is a great reminder to see them again, and learn new ones as well. All of the directions are easy to follow. My family friends sat right down and played a round of Charades, then some of the word games. We laughed so hard, our faces hurt from smiling so much. It's wonderful to see the old games we'd forgotten

about, and we can't wait to try some new ones. We're definitely taking it on our next car trip and I plan on buying one for every family we know for Christmas. A real find. I heartily recommend it to anyone who wants to have fun.
