Too bad it is no longer in print.0 of 0 people found the following review helpful. You can't go wrong with this puzzle book!By ShanofNJThere are 900 puzzles in this book...enough to keep any sudoku fan happily busy for weeks or months. The puzzles range from simple at the front of the book to complex toward the back. I heartily recommend this book for yourself or as a gift.

Book by Rios, Michael

About the AuthorMichael Rios was born in Chicago, Illinois, and has spent most of his life solving and constructing

puzzles for fun. He is an IT Systems Engineer with a penchant for Linux and open source software. Mike has worked in the telecommunications and financial industries and has been a government contractor at a national lab. Mike enjoys tabletop/hobby boardgaming, playing racquetball, recreational programming, and spending time with his family.
