**From Hearst : The Boy Magician: 156 Amazing Tricks Sleights of Hand (Popular Mechanics)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Boy Magician: 156 Amazing Tricks Sleights of Hand (Popular Mechanics):

1 of 1 people found the following review helpful. Book for TeenagersBy Callie M. ReynoldsI messed up with this book.....its not for little boys its for teenagers.0 of 0 people found the following review helpful. Magic tricks give iPad a run!By David W. MaloneyMy grandson liked it a lot, in spite of all the electronic things he got for Christmas. He says he will be able to do most of the tricks with enough practice.0 of 0 people found the following review helpful. It

does not just have to be a BOY Magician. By buzznmgmtI gave this book as a present to my 12 year old grand daughter . She LOVES it. Lots of unimaginable things I did not know. But I am not a magician..... what can one expect.

With The Boy Mechanic, The Boy Mechanic Makes Toys, and the recently released The Boy Camper, Popular Mechanics brought vintage boyhood into the 21st century. Now, the magazine has conjured up another captivating miscellany: 156 marvelous magic tricks from Popular Mechanics issues of long ago. Featuring everything from sleight-of-hand to disappearing coins, mysterious spinning eggs to optical illusions, this latest collection captures all the appeal of American ingenuity at the start of the last century. Like the others in the series, its flexibound for easy use and packed with appealing, nostalgic illustrations. And, in the Popular Mechanics tradition of making science fun, The Boy Magician also offers tricks based on chemistry and physics, such as Fire from Ice and the Secret Ink Well.
