**From Dover Publications : The Chess Mysteries of Sherlock Holmes: Fifty Tantalizing Problems of Chess Detection by Raymond M. Smullyan (Jan 17 2012)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Chess Mysteries of Sherlock Holmes: Fifty Tantalizing Problems of Chess Detection by Raymond M. Smullyan (Jan 17 2012):

0 of 0 people found the following review helpful. This book of problems of retrograde analysis in chess is fun and good mental exercise for those who enjoy that ...By Midwestern guyI'm a fan of Smullyan's books. This book of problems of retrograde analysis in chess is fun and good mental exercise for those who enjoy that sort of thing. Could be a horrible experience for those who do not like chess or logic problems. Best or worst of both domains.0 of 0 people found the following review helpful. Came newBy PopshakerCame new0 of 0 people found the following review helpful. If you know chess and you like puzzles then this is the book for you.By Niko PjetriYou have to be

somewhat knowledgeable in chess and also like puzzles but a great book.
