When I received it, I sat down and played straight through the book with minor difficulty, but immense pleasure. If you are a late intermediate player, you will play the majority of these pieces in very little

time. An early intermediate player will need more practice, but they are attainable. What I loved was the freshness of the arrangements. I have over 150 Christmas piano books, but I will be using this one this year for sure!!3 of 3 people found the following review helpful. Nice collection of Christmas musicBy Tom L.Nice collection of Christmas music for my daughter to play during the Christmas season. My daughter has been taking piano lessons some she was six years old. She's fifteen now and I wanted some nice arrangements of familiar songs that she could use to practice her sight reading (without feeling like it was practice) , as well as tunes that the rest of the family could enjoy. This seems to fit the bill.16 of 16 people found the following review helpful. Perfect for Advanced or Late IntermediateBy adorkablemelAs a piano teacher, I love this book for two reasons. 1) The arrangements are wonderful and so much fun for me to sit down and play. and 2) they are just challenging enough to keep my more advanced/late intermediate students working, but prepared in time for Christmas.
