From Brand: Tyndale Entertainment : The Chronicles of Narnia Complete Set (Radio Theatre) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Chronicles of Narnia Complete Set (Radio Theatre):

132 of 138 people found the following review helpful. Exactly as Advertised - Timeless, Good Quality, Tons of Illustrations By Wyatt Bardi The Complete Chronicles of Narnia (text only) by C. S. Lewis, P. Baynes I bought this copy because for one, I personally did not want a "movie tie-in" version, I wanted to have a hardcover edition that contained all of the books in one that I could keep for years and pass down to my children - in short, good quality, tasteful, with pictures. It was described as being "Used - Good", but it arrived in excellent condition (no noticeable tears on the book itself with only slight page wear). This version came with a book jacket which is identical to the hard cover itself, so I threw away the jacket which was well worn. Also, the book description says "text only", which is strange, because this copy has tons of the original illustrations in full-color (I'll try to post pictures soon). I feel like I hit the jackpot with this purchase and I highly encourage everyone to get this copy ASAP, because I've noticed the price of the "all-in-one" books skyrocketing lately (Barnes and Noble used to have a "leather"-bound copy for \$20 three years ago which is \$100 now). I sure hope these books don't go out of print, but if they do, you'll be glad you purchased this particular version, because it'll be passed down the family. 0 of 0 people found the following review helpful. Beautiful version of a classic By Priscilla Rose This makes a beautiful gift for an adult of C.S. Lewis' children's classic that we should all go back and read every few years. The series is contained in one volume with a beautiful cover. I didn't get much out of the postscript essay on writing for children, since that isn't my goal or the friend I

bought it for, but it's a nice touch. My only issue is the argument of printed order (which I have with all the recent publications of The Chronicles of Narnia Series) - this follows the modern suit of printing in chronological order of the story versus the published order. My personal opinion is one best falls in love with Narnia through the eyes of the Pevensie children in The Lion, The Witch, and The Wardrobe and then reading in published order rather than starting with the Magician's nephew, but I could be biased since the first time I read the series was a set printed in publication order :) 0 of 0 people found the following review helpful. Excellent way to get the set and enjoy By Scribbler This is one of those "must reads" that I never got around to so I got this volume which has all seven books of the Narnia Chronicled in one package. I think it was an excellent decision as the books are presented in the order in which Lewis wanted them read - not the order in which they were written. I know this is a work of children's fiction but it captivated me from the get go (this "child" is in his 6th decade). If you've never read any or all of the series then this is the way to get them, unless of course you can afford the set of hardback editions. If you are a fan of fantasy you will not be disappointed. So settle in your favorite chair, with your favorite beverage, sit back and enjoy.

Award-winning cast and film-quality sound design and music mark this amazing audio drama series based on the best-selling The Chronicles of Narnia books by C. S. Lewis. Starring David Suchet as Aslan the Great Lion and Paul Scofield as the Storyteller, all seven of The Chronicles of Narnia are presented in 19 audio cds or cassettes--over 23 hours. Be transported to a world that will inspire your imagination. Beautifully packaged in a durable box for easy traveling, collecting, and gift giving.

.com The Chronicles of Narnia, by C.S. Lewis, is one of the very few sets of books that should be read three times: in childhood, early adulthood, and late in life. In brief, four children travel repeatedly to a world in which they are far more than mere children and everything is far more than it seems. Richly told, populated with fascinating characters, perfectly realized in detail of world and pacing of plot, and profoundly allegorical, the story is infused throughout with the timeless issues of good and evil, faith and hope. This boxed set edition includes all seven volumes. With amazing characters and abundant magic, this series is impossible to forget. (Brightly.com) From the Back Cover The Chronicles of Narnia Includes: The Magician's Nephew Performed by Kenneth Branagh The Lion, the Witch and the Wardrobe Performed by Michael York The Horse and His Boy Performed by Alex Jennings Prince Caspian Performed by Lynn Redgrave The Voyage of the Dawn Treader Performed by Derek Jacobi The Silver Chair Performed by Jeremy Northam The Last Battle Performed by Patrick Stewart
