I play piano and organ for weddings and this book is all inclusive, with low voice, medium voice, and high voice settings for both piano and organ. It should be a staple in accompanists wedding music collections.3 of 3 people found the following review helpful. Perfect!By CannottellalieThis is just what I needed. Being an accompanist, I ALWAYS need different keys for the Ave Maria when I accompany soloists. Instead of

having to painstakingly transpose or try to find the music in the right key, I now have just what I need. My opera friend will be so happy! 3 of 3 people found the following review helpful. Wonderful arrangements By DonahMcI didn't really need all these different arrangements but I found my favorite arrangement in this book and the others are great for practice.

(Vocal Collection). A must for any accompanist, this book contains the celebrated Schubert Ave Maria as well as the Bach/Gounod Ave Maria . After a history of both versions, each is presented in three keys with a choice of piano or organ accompaniment. Solo piano and solo organ versions are also included. Sixteen versions of the classic in all.
