I have seen the movie and read the book hundreds of times and thought I knew everything there was to know about it. Since reading this trivia book, I realise I don't know as much as I thought I did. This book tells you everything - all the behind the scenes things, all about the pre-production and all the nitty gritty stuff. This book tells how Selznick was able to get the actors that he wanted to sign on the dotted line, all the actors backgrounds and what they thought about being part of a movie from a very popular book. There are a few trivia questionnaires and I did not do as well as I thought I would. I would recommend this book for anyone who loves Gone with the Wind, or for anyone who thinks they know everything about Gone with the Wind. 0 of 0 people found the following review helpful.
