Mike Zimmerman : The Complete Idiot's Guide to Fantasy Baseball before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Idiot's Guide to Fantasy Baseball:

20 of 21 people found the following review helpful. A personal memoir of the authorBy manncerThis book was not a complete waste of time. You do learn about the author's experience in a particular type of fantasy baseball league, but it leaves a lot to be desired. He does not really instruct the reader in how to make themselves a better fantasy baseball owner. This was my first year in fantasy baseball and had to really learn as I went. This book was not a big help. I could find out how to play from the rules of the game I played. I need a book that covers various types and variations of fantasy leagues, Challenge, Roto, 5X5, Sabermetrics, and fantasy point types. If you are new to fantasy baseball I guess it gives you a look at one owner in one league, but you really have to talk to other owners, and read all kinds of tip-sheets and articles on ESPN.com and other fantasy sites. It's a lot bigger world than the author lets you in on.0 of 0 people found the following review helpful. idiots fantasy baseball guideBy kathy robertsonits good if you are trying to learn the basics of fantasy baseball. Its really explained well but there is so much to know its abit tricky... should be

interesting this season0 of 0 people found the following review helpful. Fantasy Baseball book rules :)By Peter W. CostasThis book is very funny to read. the author does a great job explaining strategies for how to pick players for a fantasy baseball team.

Not everyone gets to play Major League baseball. In fact, not everyone has played Little League or even pick-up games. But everyone can play fantasy baseball--and it seems as if almost everyone does, with the huge boost the game received via the Internet. Fantasy Baseball is the greatest thing to happen to baseball fans since the invention of the sport itself, according to Michael Zimmerman, author of *The Complete Idiot's Guide to Fantasy Baseball*. You are the one with all the power--you are the owner, general manager, and manager in a league of your own. See how to draft real major league players to form your own team. Use real stats from each real season. Use your own money. And if you win, you own the right of all rights: bragging. And if you stink? You have only yourself to blame.

From the Back CoverNot everyone gets to play Major League baseball. In fact, not everyone has played Little League or even pick-up games. But everyone can play fantasy baseball--and it seems as if almost everyone does, with the huge boost the game received via the Internet. Use real stats from each real season. Use your own money. And if you win, you own the right of all rights: bragging. And if you stink? You have only yourself to blame.
About the AuthorMichael Zimmerman has been a professional writer for 11 years and a baseball fan for a lot longer. Most of his summer hours are spent researching the National League for his fantasy baseball team, the Fedora Brigade. He lives in the New York metropolitan area-not easy for a Philadelphia Phillies fan-with his wife, child, and dog.
