**Matt Lucas, David Walliams : The Complete Little Britain Radio Series 1** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Complete Little Britain Radio Series 1:

The Little Britain radio series won a Sony Award when it first appeared on radio, and has since gone on to become a comedy phenomenon. Now available in this release are the original pilot and all four episodes of the original radio series - complete and uncut. Matt Lucas and David Walliams comedy creations are already household names and need no introduction: Daffyd, the only gay in his village, Emily Im a lady! Howard, incoherent young offender Vicky Pollard, Kenny Look into my eyes Craig, and Marjorie Dawes from FatFighters. Not forgetting Denver Mills, Dennis Waterman, and childrens entertainer Des Kaye. Complementing Tom Bakers brilliantly bizarre narration, and David Arnolds original music, are many characters that have only ever appeared on radio: Cockney Film Star, taxi driver Jackie Paper, Joey the Stool, and two of the worst ghosts youll ever know. With a wealth of bonus material that includes sketches and hilarious outtakes never transmitted on radio, welcome to the wonderful and surreal world of Little Britain. 3 CDs. 2 hrs 45 mins.

"Comedy ecstasy" Heat About the Author Matt Lucas began his career as a stand-up at the tender age of 18 and went on to find fame as George Dawes on Shooting Stars. He met comedy writing partner David Walliams at the National Youth Theatre, and together they went on to create the cult TV series, Rock Profile, and latterly the phenomenally successful Little Britain.
