Clifford Odets : The Country Girl (Library Edition Audio CDs) (L.A. Theatre Works Audio Theatre Collections) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Country Girl (Library Edition Audio CDs) (L.A. Theatre Works Audio Theatre Collections):

The Country Girl By Nostalgia trip The Country Girl is being performed on Broadway for a limited run with some big name stars--Morgan Freeman, Peter Gallagher, and Frances McDormand. This is a re-make of a movie that starred Grace Kelly, Bing Crosby and William Powell. Prior to seeing the live performance, I read this play. It is a simple story, but reading the written work before going to the show really enhanced the event for me. I was able to imagine Grace Kelly's work prior to seeing how Ms. McDormand interpreted the role now. Then I could contrast the performers, old vs. new. I even was able to get my paper copy of the play autographed by some of the cast members after the show. A real New York experience, and I would really recommend it! 0 of 0 people found the following review helpful. Clifford Odets. What more do you need? By Shawna W T Monson Odets isn't produced much anymore, but his writing is lovely, and his characters are rich. The movie would have been better without Grace Kelly. If you ever have a chance to see a production of this, DO IT. 0 of 0 people found the following review helpful. Four Stars By porfirio r rodriguez enjoyed it very much
