Great book to help improve my ukulele playing. I like the variety of genres included. There is a little something for everyone. If I take my uke "on the road" I will feel more confident with this volume in hand. I hope the leap year book also comes out in the to-go format. It is very convenient to have both the melody and chord notation for each song. Some of these I'm unfamiliar with, but now I can figure them out. I also appreciate having chord charts at the top of each song. Some of the chords are new to me, I just started playing uke a month ago. Now I can glance under the title and keep playing vs having to stop and look up the chord. I like that children's and holiday songs are separate. It would also be helpful to have additional sections. It will be helpful if I join the local ukulele group as well. My friend has the original Ukulele Today. Hands down, I prefer this format.

Fabulous selections and when I took it in to my instructor he was impressed I had been so prepared as a new student. I can play on the piano the tune just to get a feel of the melody before switching to the ukulele. Yes I have previous music experience but just intermediate level. The book is easy to carry and the text is easy to see at a distance. I definitely recommend the book as the selections are varied and fun to learn.

I already own the original (twice as large) version - but the "To Go" volume measures 5.5 x 1 x 8.5 inches and is MUCH easier to travel with. Easy to read and fun to play from - I LOVE IT!!!!

(Fake Book). Compiled and arranged by Liz and Jim Beloff, The Daily Ukulele: To Go features 365 well-known songs with easy ukulele arrangements in one 5-1/2 x 8-1/2 compact songbook.
