It has a lot of great songs in it, I've been playing for about 30 years, however, I don't read music only very slow. I perform at assistant living homes on keyboard. So anytime I can take an easy song make it sound fantastic, the folks love it and I can still make a buck, it's all win win. 0 of 0 people found the following review helpful. Three Stars By Marc The one hundred songs' arrangements are easy for beginners to learn to play. I do think some of the arrangements to put songs not written in the key of C into the key of C doesn't really work all the

time. Some songs just do not sound right that way.0 of 0 people found the following review helpful. Five StarsBy Des_SGreat fake book, tons of songs and easy to follow.
