**From Hal Leonard : The Easy Fake Book** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Easy Fake Book:

90 of 90 people found the following review helpful. Great StarterBy -TMcN-This is a "Fake Book", which means a single staff of somewhat simplified music. "Easy" in "C" means that Hal Leonard has transposed it to C, which is most common instruments (piano, flute, harmonica...) It does NOT include tabs or frets, you do need to read music, but you don't need to parse key signatures. Fake books are used for several things. Professionals use them to help them quickly "fake" knowing a song. A decent musician can sight-read them and sound convincing. Beginners (or less serious musicians) use them because you can enjoy playing a song you recognize without having to deal with key signatures and changing ones, odd timings and very complex bits. The cost is that some interesting parts may be simplified out and, if you play piano, you're only going to have your right hand busy; you'll have to fake with the left. This book has a wide variety of great recognizable songs, though few current ones. Mostly old standards, few by way of rock. It's great to play to and to learn from, but if you're learning you'll eventually want a more comprehensive book, once you can take on the trickier bits. That doesn't mean you don't need this, just that eventually it will help you outgrow it. Professionals should jump right to the Ultimate Fake Books, also on .1 of 1 people found the following review helpful. Music is fine but the binding is a problemBy C. StarkI have no problem with the music. There is a good cross section of tunes. The reason for taking away 1 star is the book itself. (I actually would take away 1.5 stars if I could. It's more than a 1 star flaw, but not quite 2 stars.) I don't know why music companies insist on binding music books like this. The book is designed to be opened on your stand. Why not make it spiral bound so it will actually LAY OPEN. I'm sure it's a cost issue. However, I would gladly pay another dollar for a spiral bound version over this. Using clips to hold it semi open is an unnecessary pain.0 of 0 people found the following review helpful. Five StarsBy Jan J ToddTotally pleased -- thank you

(Easy Fake Book). This follow-up to the popular Your First Fake Book (00240112) includes over 100 more great songs that even beginning-level musicians can enjoy playing! It features the same larger notation with simplified harmonies and melodies, all songs in the key of C, and introductions for each song, to add a more finished sound to the arrangements. The songs are in many musical styles and include: Alfie \* All I Ask of You \* All My Loving \* Always on My Mind \* Autumn in New York \* Blue Skies \* Cabaret \* Crazy \* Fields of Gold \* Go the Distance \* God Bless' the Child \* Great Balls of Fire \* Hey, Good Lookin' \* How Deep Is Your Love \* I'll Be There \* If \* Imagine \* Jailhouse Rock \* Kansas City \* Memory \* Michelle \* Misty \* My Girl \* My Heart Will Go On \* People \* Stand by Me \* Star Dust \* Tangerine \* Tears in Heaven \* Tennessee Waltz \* Unchained Melody \* What a Wonderful World \* What'll I Do? \* You've Got a Friend \* and more.
