New discovery of an older book.By Myrna G.I just ordered this book but only today my piano teacher handed me her Easy Way To Play and after a brief lesson I was hooked. I had to have one for myself. Somehow, I knew all the tunes. I am 60+ years old and I have heard theses tunes all my life. The presentation is WOW! I love the art work, the organization, the easy way the tunes are set up. It is written in user friendly format and my teacher said that it is arranged in a super easy way so I would have no trouble with any song even a Cole Porter tune. I will use my teacher's book until mine arrives. I think this book will be on my piano stand

Best Collection of OldiesBy Ruth PittsMy 94 year-old mother uses this book almost exclusively when playing for various public functions here in Sarasota. It has all the "oldies" that her generation loves. Everywhere she goes, and plays, people comment on her choice of music. It continues to give much pleasure to everyone who hears her play. Thank you.2 of 2 people found the following review helpful. Five StarsBy Barbara GableLove it
