So finally purchased the revised 2012 edition. Of course there are going to be some bands that everyone will miss and would like to be included in the book, but in all fairness, the author had to pick his battles in some way. He simply just can't include "everyone's" favorite band. His writing style underlined with a dry sense of humor makes a very easy and enjoyable read. Full of pic's and info even on some more obscure bands. Highly recommended! 1 of 1 people found the following review helpful. Five Stars By Courtney D. Best christmas present ever. Although i wished system of a down was in it and a couple others 2 of 2 people found the following review helpful. Metal Rules By MarcR Great reading and awesome photos. This book is a must for any metal head and covers just about every form since its inception. Phenomenal book. Get this and you'll be glad you did, I promise.

Special 10-Year Anniversary Edition--with lots of new and updated material!
