Larry Edell : The Everything Craps Strategy Book: Win Big Every Time! before purchasing it in order to gage whether or not it would be worth my time, and all praised The Everything Craps Strategy Book: Win Big Every Time!:

1 of 1 people found the following review helpful. After their great book on Blackjack, a big disappointment. By lovwine Bought this book because the Everything Blackjack Strategy Book was great. This book was a big disappointment. Tried to explain the whole game of craps in the first chapter. Way to much detail at one time for me. Feed me the basics then build on it. That is what works for me and this is definitely not that book. Mixes essentials, nuances and strategies all together. There are better tutorials for free on the internet. 9 of 9 people found the following review helpful. Everything Craps Review By John L. Arn This is a great book. It has many interesting strategies in it and the experts advice comes from some of the biggest names in the Craps world. This book will help you become a better player. I suggest you try these strategies at home or online before going...some are better than others and as Sam Grafstien used to say in so many words...every system will work on a given day...but you have to try them. John. Everything Craps Strategy Book: Win Big Every Time! (Everything: Sports and Hobbies) 0 of 0 people found the

following review helpful. i kept on seeing the mistakes other players was making and i stayed away from making bad bets. By MR. GIBBS i read this book twice cover to cover and went to the casino. in my first time playing i won 1600 dollar in a matter of 20 minutes off of \$120. when i was there, i kept on seeing the mistakes other players was making and i stayed away from making bad bets.
