It's OK But Wouldn't Recommend ItBy CallOut5I bought this because I was looking to get reacquainted with word search puzzles, which I loved as a kid. They are indeed large print and easy to read. However, the material used for the puzzles in this book is incredibly boring, bland

blah, uninteresting, dull - you get the point. After working only a couple of these I dropped this book and picked up another one that had much more interesting and more current topics for the puzzles - I'm loving the new book and am working a couple of puzzles every day. I would not recommend this very boring puzzle book - I feel like I wasted my money on this one. 0 of 0 people found the following review helpful. Five Stars
