Charles Timmerman : The Everything Giant Book of Word Searches, Volume 10: More Than 300 New Puzzles for the Biggest Word Search Fans! before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Everything Giant Book of Word Searches, Volume 10: More Than 300 New Puzzles for the Biggest Word Search Fans!:

I bought this as a Christmas present for my grandmother, and there is no way she can read the font. The book itself measures about 8 in by 9 1/2 in, but the size of the puzzle is 4 1/8 in by 4 1/8 in. That is less than 25% of the area of the book. The size of the font is a meager 12 pt font. The answers in the back are 6 word searches a page, each answer key being only 2 in by 2 in. How can you consider a word search book "giant" when the book itself is smaller than an average size sheet of paper (8 1/2 in by 11 in) and the word search itself covers less than 1/4 of the

page? A more accurate title would have been "The only one thing giant book of word searches" and that is the amount of word searches it contains. UPDATE: Recently purchased 3 Word Search books from my local Dollar Tree. Each book has about 70 word searches and it only cost 1 dollar a book. The word search font is about a size 20 and the font size of the word bank is about 14. Five of these books would give you more word searches at more than half the cost. I would not recommend this product to anyone, there are cheaper and better options else where. 0 of 0 people found the following review helpful. Mom loves these By T. Michels These books work great for Mom. The type is big enough for her to see, there are lots of puzzles to keep her busy which means we don't have to buy word search books so frequently. Most books like this have so few puzzles in them they are hardly worth it. 0 of 0 people found the following review helpful. Keeps the brain oiled By rmar My wife, who has Alzheimer's, loves these books because they are keeping her brain working. She spends most evenings working the puzzles and seems to enjoy them. So I would have to give this 5 stars.
