love these games i have a bunch of this kind of games on my Galaxy s5 so when it was delivered i was so happy when i travel to my daughters its a long road trip so i was planning on using this book cause it is so hard to find the words on my cell cause the car is always jiggling bumping so i figured this book would be perfect cause its "HUGE" and i would be able to see the word search even with the bumpy car i took the book out of the box and flipped though it and my heart and jaw just dropped the word search square couldnt be any bigger then a little over 3" by 3" inches and the rest of the page is filled with the word lists and the letters were so big "I WILL NEVER EVER BUY ANOTHER ONE OF THESE BOOKS "0 of 0 people found the following review helpful.
