**Charles Timmerman : The Everything Giant Book of Word Searches, Volume VII: More than 300 word search puzzles for hours of fun** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Everything Giant Book of Word Searches, Volume VII: More than 300 word search puzzles for hours of fun:

2 of 2 people found the following review helpful. hours of relaxation, challenge and funBy Jan BarnesWord searches are addictive. It takes me about 6-9 months (depending on circumstances) to finish one of these, but I'm always afraid I'll run out of puzzles! This is (obviously) the 7th volume of Timmerman's I've done, plus a few of the smaller, subject oriented volumes. (I now have 2 of these [+ v. VIII] in reserve. ) I find the format of Timmerman's "everything" series to be both the most challenging and the easiest. Most others I've tried don't challenge as much--whether it's the number of words/puzzle or the format that just doesn't sastisfy. The format on these is perfect for me--large enough letters that are far enough apart to circle, without obscuring the letters nearby; though sometimes I get overly rambunctious in my

circling :) Bottom line: love this series! I hope Charles Timmerman never retires ;-) Keep 'em coming! 0 of 0 people found the following review helpful. Have been hooked on this series of word search books ...By HemingwayfanHave been hooked on this series of word search books for a while. I have developed the skill of reading messages backwards. This book is more difficult than the previous ones. 0 of 0 people found the following review helpful. Huge book, normal wordsBy TheGeekIt's hard to find a crossword puzzle book that my grandmother likes. She doesn't want the huge text size books that the authors do, I think to make it easier for the older generation to read. The fact that the words are small is better for her because of her shaky arthritis hand hurts to be doing long lines. It keeps her busy at least twice as long as other books due to the sheer volume of pages that this book has. I bought almost every volume of this series. Keep it up!

An all-new colossal collection of crowd-pleasing puzzles!
