While I agree with other reviewers that the search are could be enlarged (there is room for it!) I still felt it was a comfortable size. Also, I did not find any of the spelling errors others have mentioned. Overall, a pretty good product. There are 15 sections of puzzles (by theme, etc.) with 10 puzzles in each section. There is a wide range of old and new. I'm excited to do the rest!0 of 0 people found the following review helpful. I love word searchesBy CustomerI love word searches. I do them almost every night while watching television. This one was easier than most, so it was nice.0 of 0 people found the following review helpful. Every YearBy sharibabyI buy Everything Word Search books for my Aunt every year for Christmas.

She loves them. She finds the puzzles difficult enough and the size small enough to haul them to appointments and on vacations. She rarely finds mistakes, but every now and then she delights in showing me one.
